

# Go Vote

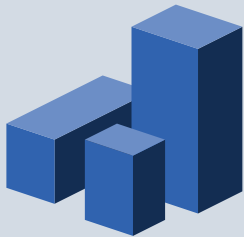

on August 25, 2020

## *Keep Glenpool Moving.*

On August 25th, voters will consider renewing a one-penny 2001 sales tax to continue funding existing and future capital improvements, allowing us to maintain our forward progress as a community.

What has happened because of the vision of our citizens 20 years ago?

New Buildings

Residential and School Growth

Full Service City

Stronger Public Safety

If approved by voters, the sales tax extension will continue supporting critical personnel, streets and infrastructure, and public safety capital investments. Extending this sales tax provides a way to sustain Glenpool's forward progress.

School enrollment is up 39% since 2000.

5,786 more people live here than in 2000.

Everyone shopping in Glenpool funds our city budget, not just residents.

How will my tax rate change if this extension passes?

**\$0**

This extension will **not** change the current tax rate.

# Inform your Vote

The City of Glenpool is hosting three public meetings to share details and receive public comment on the sales tax initiative up for a vote on August 25th.

- July 21st | 6:30 pm | Bonnie Chapman Black Gold Community Center | 46 W. 145th St. South
- July 28th, Zoom
- August 6th, Facebook Live

For meeting times and more about the **Keep Glenpool Moving** initiative, visit [www.keepglenpoolmoving.com](http://www.keepglenpoolmoving.com).

## Make your voice heard.

Vote on August 25th in the  
**Keep Glenpool Moving**  
sales tax extension election.\*

\*If you are new to Glenpool or recently moved, the voter registration deadline is July 31, 2020.

## If the Sales Tax Measure is **Not Extended...**

If the 2001 Sales Tax measure expires, the City of Glenpool faces an annual loss of \$1.9 million dollars dedicated to capital investments and improvements. The debt from past improvements will still exist with or without the extension of this sales tax. To pay back the debt, **the City will have two options:**

### Option 1

**Seek bond funding to be approved by Glenpool Voters.**

Would increase property taxes, leaving the burden on citizens who own homes and businesses in Glenpool.

### Option 2

**Reduce city services.**

Including significant reductions in our police, fire, public works, and administrative departments.
